

DESIDERATA

GO PLACIDLY AMID THE NOISE & HASTE, & REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS POSSIBLE WITHOUT surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. ☛ Avoid loud & aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. ☛ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. ☛ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. ☛ Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gentle with yourself. ☛ You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ☛ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. ☛ With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy. ☛ ☛

A Familiar Building . . .

How can one begin to describe a building that is familiar to everyone on Phillipsburg? The description could begin by listing all its fine qualities, from an architectural viewpoint; or could delve deeper into the real heart of the structure.

The structure in question is Phillipsburg High School. To merely say that this is a "large brick school" would be a gross understatement. Open the doors with us and browse through the building we called "home" for the greater part of four years of our lives. As Freshmen we entered these portals of high learning with some apprehension and a great feeling of accomplishment. Just to become an active part of this fine school, gave us a mature sense of belonging. Finding our way around from classroom to classroom at times seemed awesome. Just when we thought it couldn't be done, we found ourselves in familiar surroundings. Old friends seemed to pop up in every class and we began to look forward to attending the social functions provided.

We started to take our "first steps into adulthood" within those brick walls. Almost overnight we found ourselves in the midst of our second year at the high school. We met teachers as old friends in most cases and fearsome adversaries in others. What started as a new adventure a year before, now seemed to settle down into a definite pattern of learning and understanding education.

Our third year at the high school was one of college hunting and guidance appointments. Again, among our "school family" our lives were molded in preparation for the life ahead of us. All activities were shared, victories were celebrated and defeats were mourned. College testing was upon us and we started to get a hint that maybe our school years here were coming to a close.

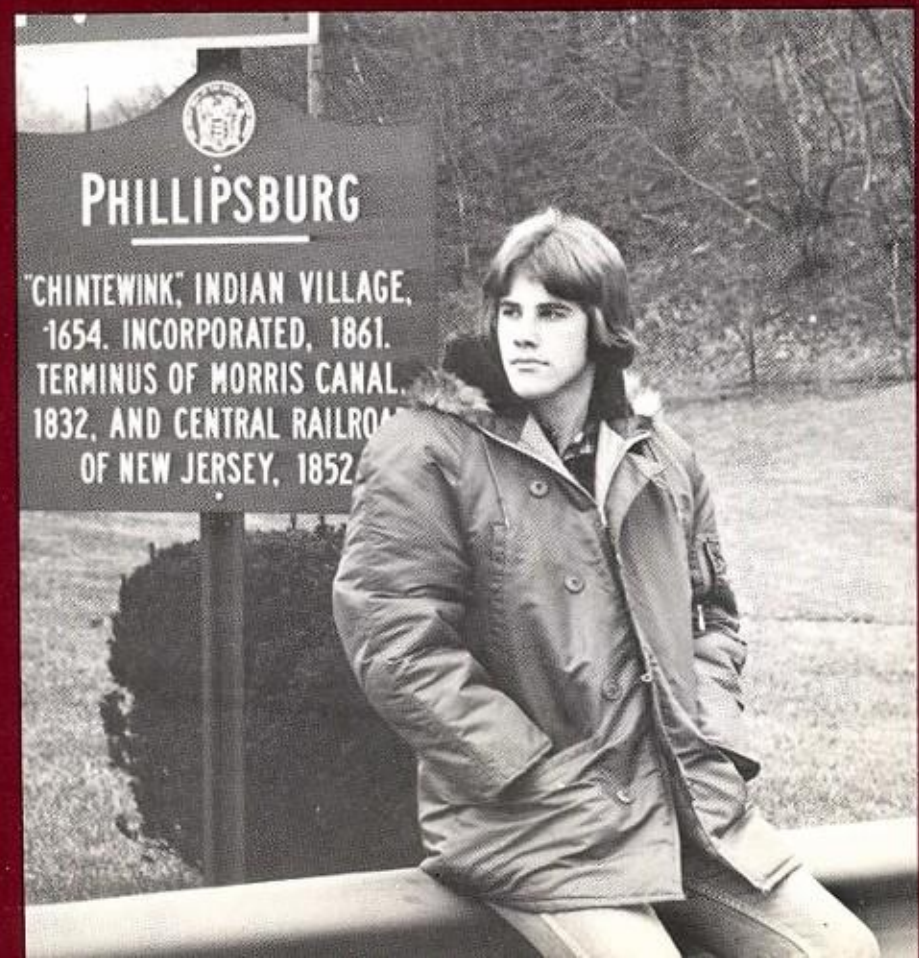

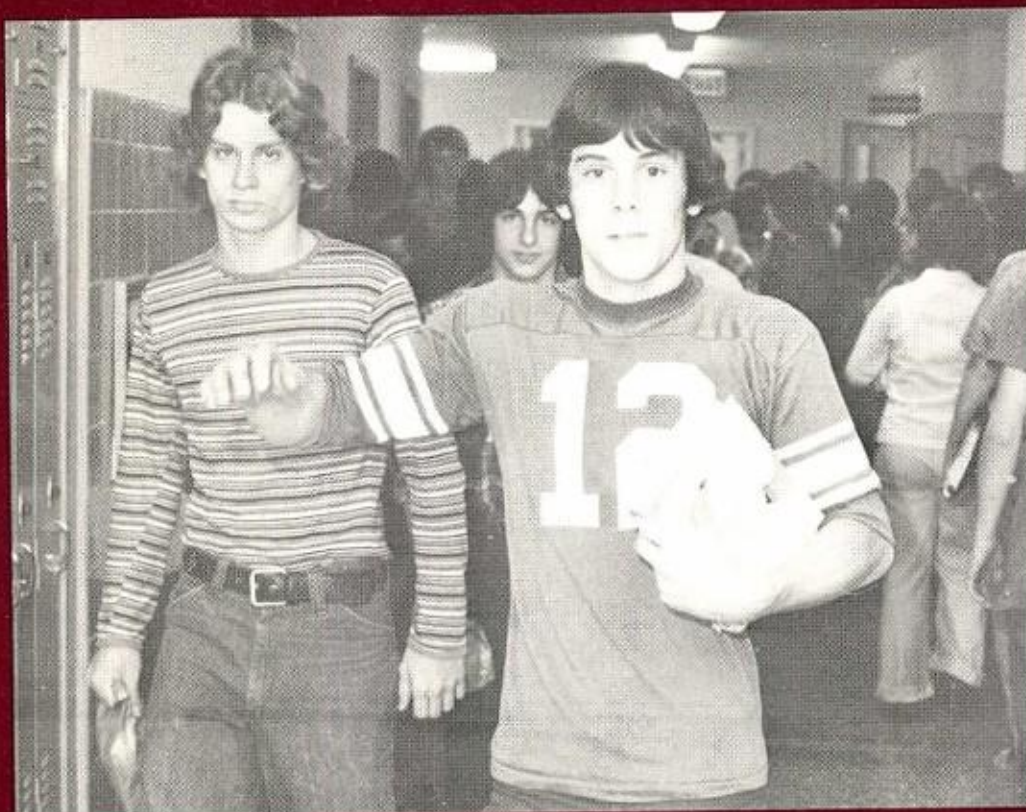

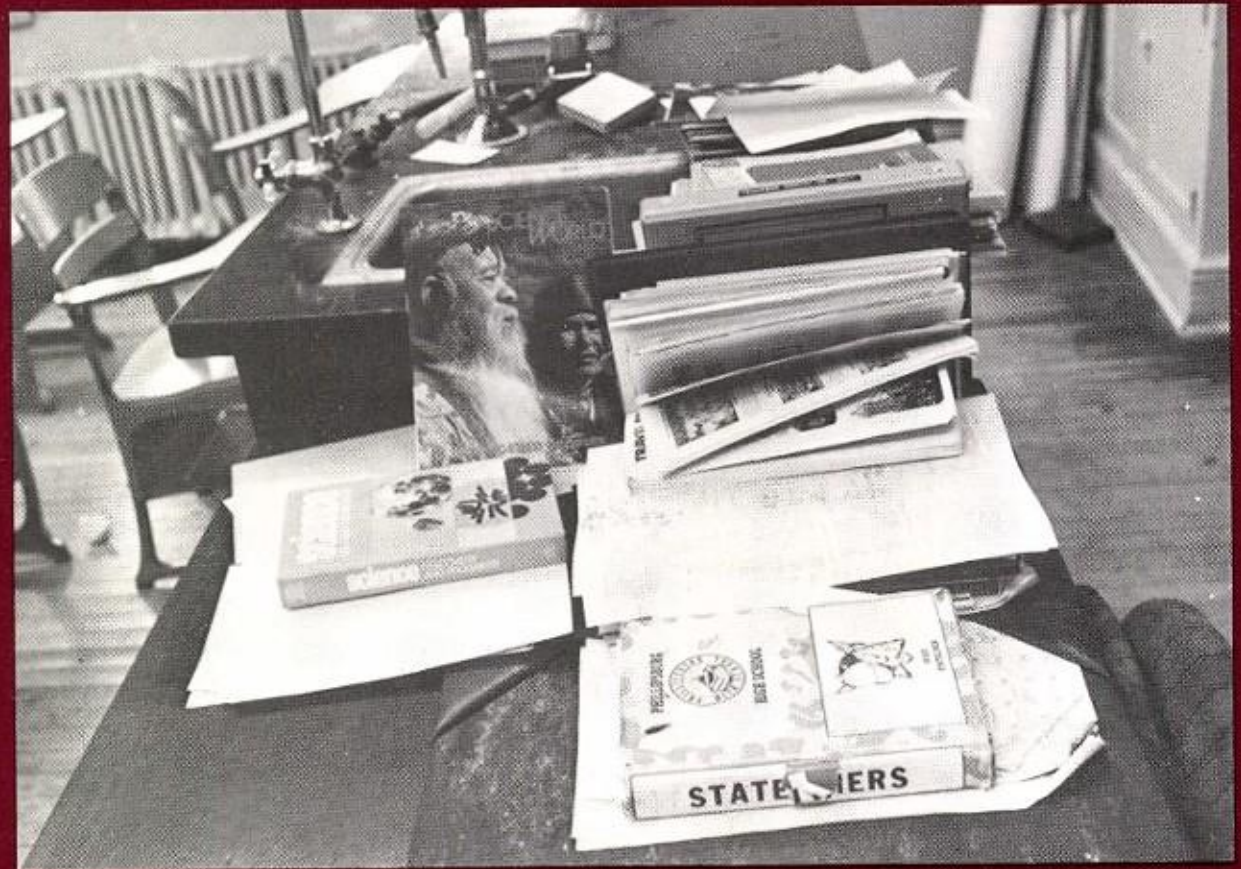

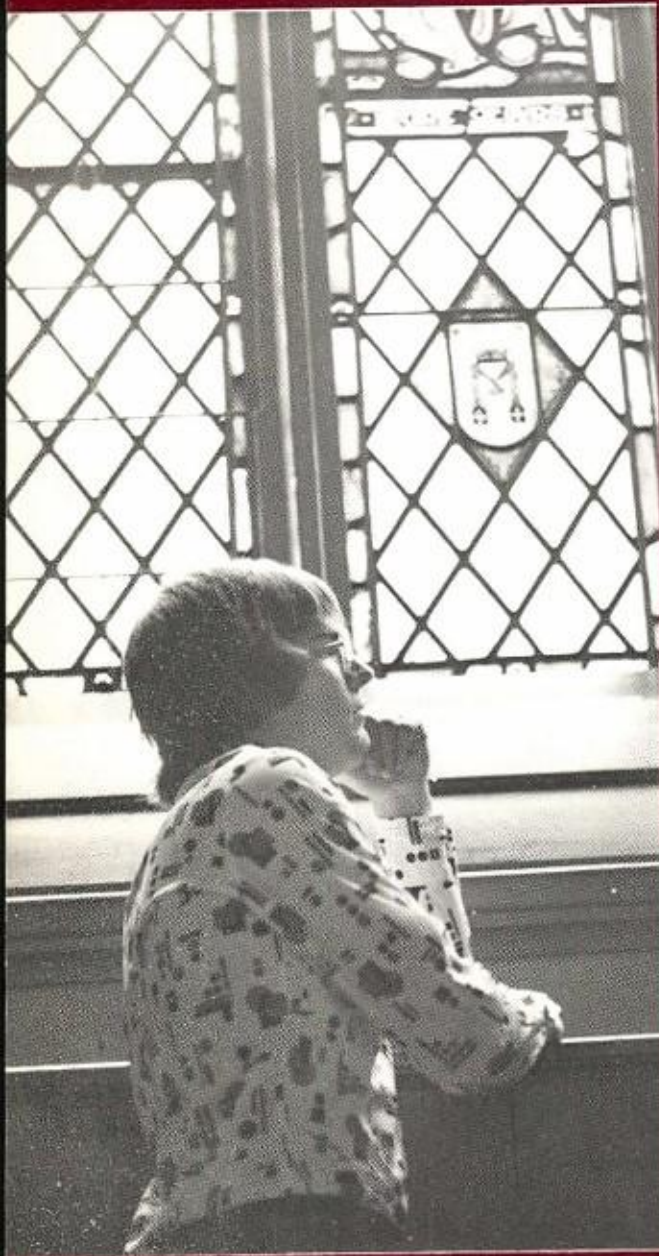

Without really seeming possible, we were in our fourth and final year at Phillipsburg High School. Most of the friends we entered with four years previous, were still there. We have all shared the experience of our high school years together. Now, as the four years come to a close, we will join the ranks of alumni.

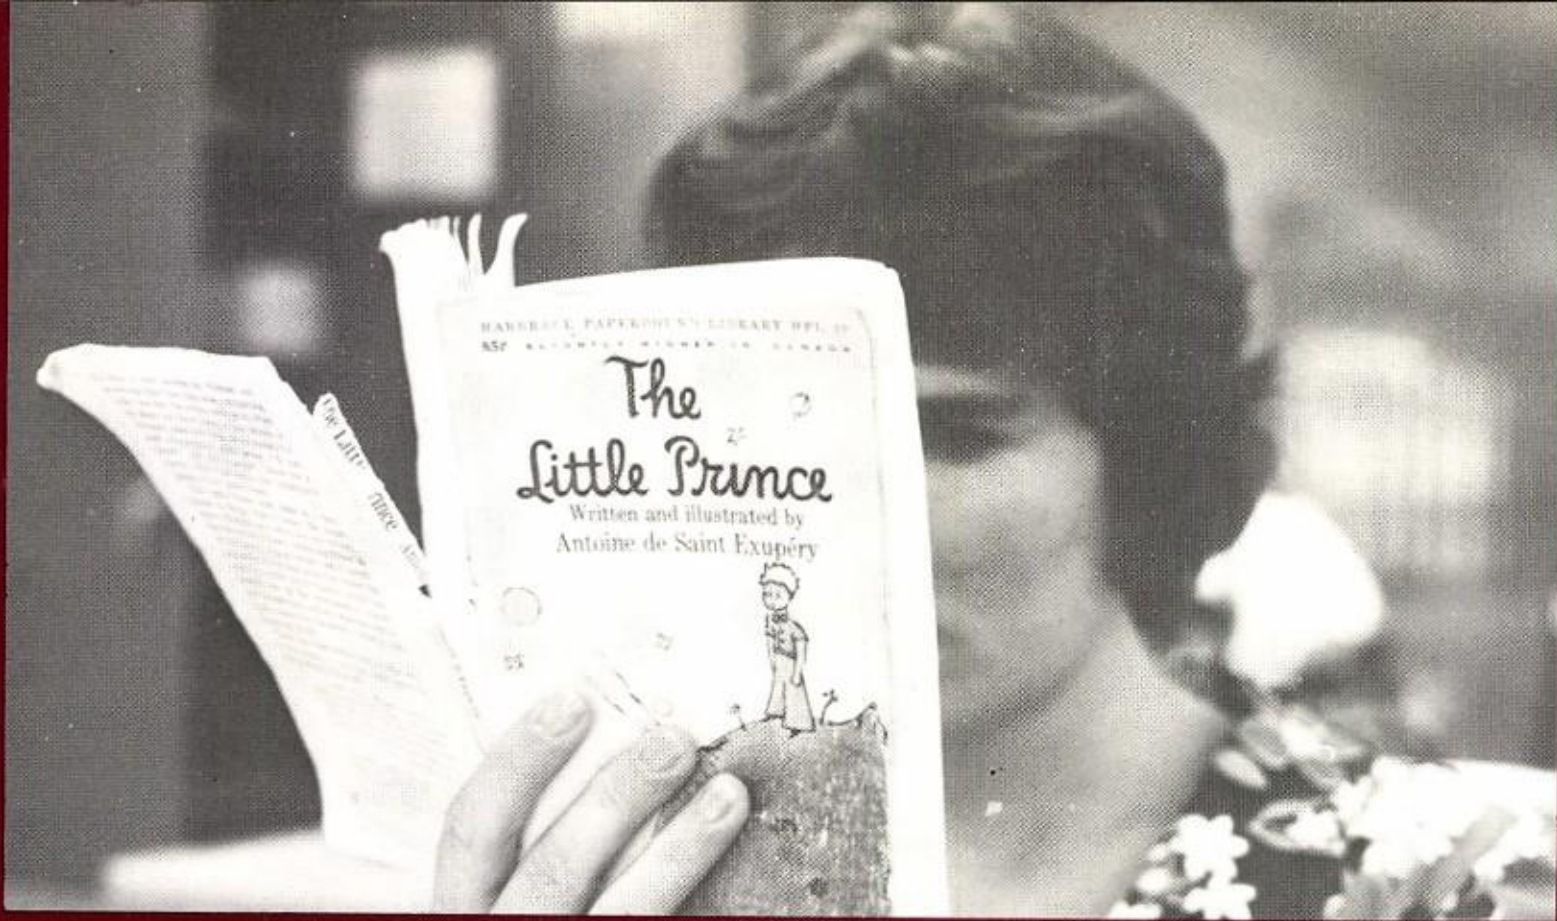

This is not an adequate description of a "familiar building" in Phillipsburg, you may say. Those of us who have had the privilege of attending Phillipsburg High School feel we could not describe it in any other way. It has been the axis around which our lives have revolved for the past four years. Whenever we think of Phillipsburg High School, in the future, we will remember it as a place to grow, a center of activity, and a second home during our happiest years. The memories held within the walls of this structure are for all to hold dear. After we graduate and look back into our past, we will definitely see Phillipsburg High School.

ACADEMICS

Board of Education And Superintendent of Schools

Under the leadership of Past President, Mr. Albert J. Pianelli, and newly elected President, Dr. Robert M. Zengulis, the Phillipsburg Board of Education has fought for the rights of the students of Phillipsburg High School. In one of their most publicized efforts, their support given to the high school students allowed a fine performance of "Jesus Christ Superstar". It is our hope that the board will continue this fine effort on behalf of our school system, in order that all students of Phillipsburg may receive the finest education possible.

Dr. Dale Reinhardt
Superintendent of Schools

Dr. Dale Reinhardt has now completed three successful years as Superintendent of the Phillipsburg Schools. Dr. Reinhardt received a Bachelor of Science degree from Montclair State College. He has also earned a Doctorate, in the field of school administration, from Lehigh University.

BOARD

Mr. Kenneth Lutz
Principal

Principal

Mr. Kenneth Lutz came to Phillipsburg High School, his Alma Mater, after completing his college education at Moravian College and obtaining a Master's Degree from Lehigh University. He has extensive training in the field of Guidance and Student Personnel Service. He worked with vocational technical students at Warren Technical School and was Guidance Director at Delaware Valley Regional High School before returning to P.H.S. as Principal.

During his first year, Mr. Lutz, has successfully innovated a rotating schedule, student I.D. cards, Commons Areas and the first Community Pep Rally on the eve of the Thanksgiving Day game. He has stressed responsible freedom for the schools' citizens and their response has been gratifying. Change is a necessary part of growth and when it is accomplished as orderly as it was this past school year, it is due to the fine cooperation that exists between Administration and Faculty at Phillipsburg High School.

Mr. Lutz has always been interested in and deeply concerned about young people, thus he chose the field of education in which to build his future. It has been a wise choice — good for him and good for the students whose lives he has touched. We hope he will enjoy a long career here as principal, as much as we, the students, enjoy his being "our leader".

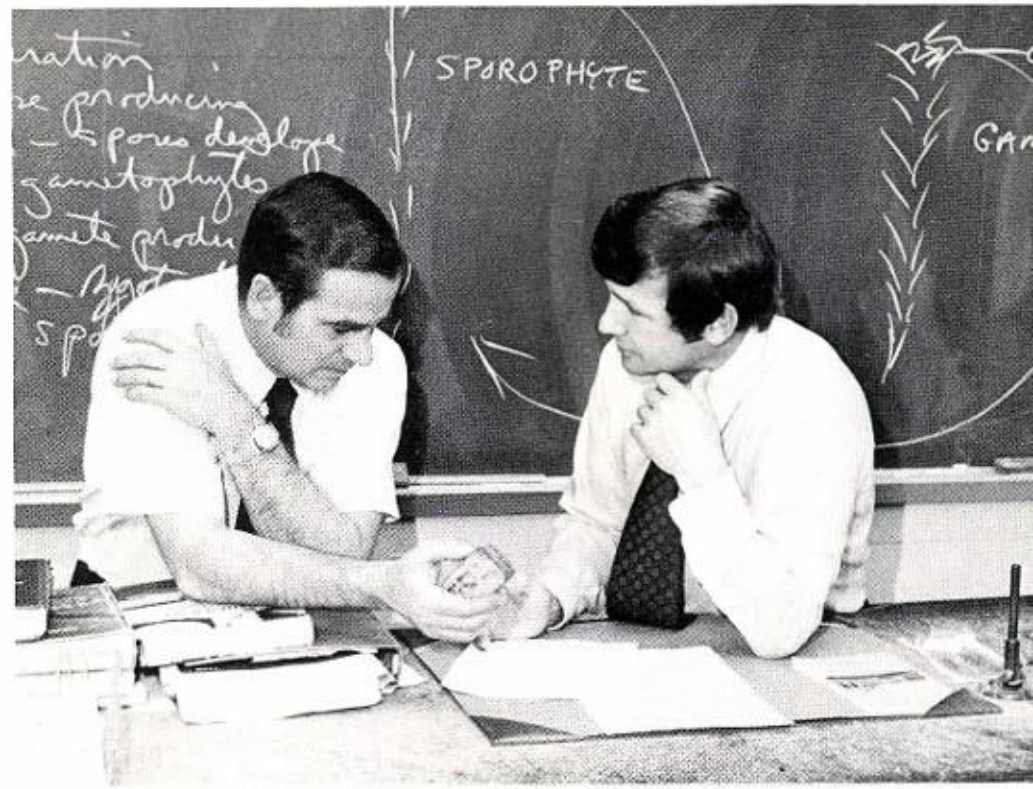

Mr. Lutz talks to the Liners at the Pep Rally.

Assistant Principal

Mr. David Clauss has been connected with Phillipsburg High School since 1962. He was a Guidance Director before becoming an Assistant Principal. He graduated from Lafayette College with a B.S. Degree in Business Administration. He received his Master's Degree in Education from Lehigh University. His duties at P.H.S. involve curriculum coordination, course development and student scheduling. As an Assistant Principal, Mr. Clauss has put his educational knowledge to good use for the betterment of the students of P.H.S.

I'm very sorry Mr. Palmer, but our budget only allows one eraser per teacher.

Mr. John Emery
Assistant Principal

Mr. Emery, I don't know how to tell you this, but, the entire student body failed their eye tests.

Assistant Principal

Mr. John Emery has been a member of the Phillipsburg High School faculty since 1967, when he was employed here as an English teacher. He was graduated from Villanova University in 1965 and received his Master's Degree in Education from Rutgers in 1974. His duties as Assistant Principal of P.H.S. are varied and numerous. Not only is Mr. Emery concerned with planning student activities and establishing the policy for student discipline, but he is also in charge of arranging for substitute teachers, researching the curriculum and maintaining order in supervisory areas. Besides his obligations as our Vice-Principal and chief law enforcer, Mr. Emery has still found time to coach the baseball team for the past two years. We hope he has a long and happy career at Phillipsburg High School.

Special Services

Special services are a valuable contribution to Phillipsburg High School and its faculty. The people in special services aid the school in various ways. The career education coordinator and job placement coordinator help the student by providing work experience before graduation. The school nurse provide medical aid for the student and teachers, while the teachers' aids regulate the activity in the commons areas. Other areas of special services include guidance, library assistance, and attendance. The assistance of the people in special services can never be overlooked in the efficient running of our school.

GUIDANCE DEPARTMENT

The Guidance Department of Phillipsburg High School serves the students in various ways. A freshman depends on his counselor to suggest a course of study suitable to his plans for the future. After a year to evaluate the high school situation, the sophomore turns to his counselor to correct any difficulties he has encountered. The juniors and seniors rely on their counselors to recommend a college and prepare their transcripts or assist in job placement. No matter the need, a student can always depend on the guidance department of Phillipsburg High School to steer him in the right direction.

ENGLISH

The study of the English language is probably the most important course offered to high school students, since grammar and vocabulary skills are used daily in oral communication. At Phillipsburg High School, English is offered in numerous diversified courses for juniors and seniors. These courses range from the study of American literature and the study of grammar skills to basic composition and the study of comical and unusual literature. For the skilled student, Creative Writing, Writing for the College-Bound, and Public Speaking are only a few of the courses offered to expand his intelligence. This diversified method of offering English electives is in its third year and is popular with the upperclassmen. For the upperclassmen, however, the requirements are very different. They must take standard college, general, or business English during their first two years, and only in the spring of their sophomore year may they choose the English electives of their choice. Overall, the English Department has instilled more interest in the students by allowing them to choose their own courses, and in our opinion, this is a favorable change.

Foreign Language

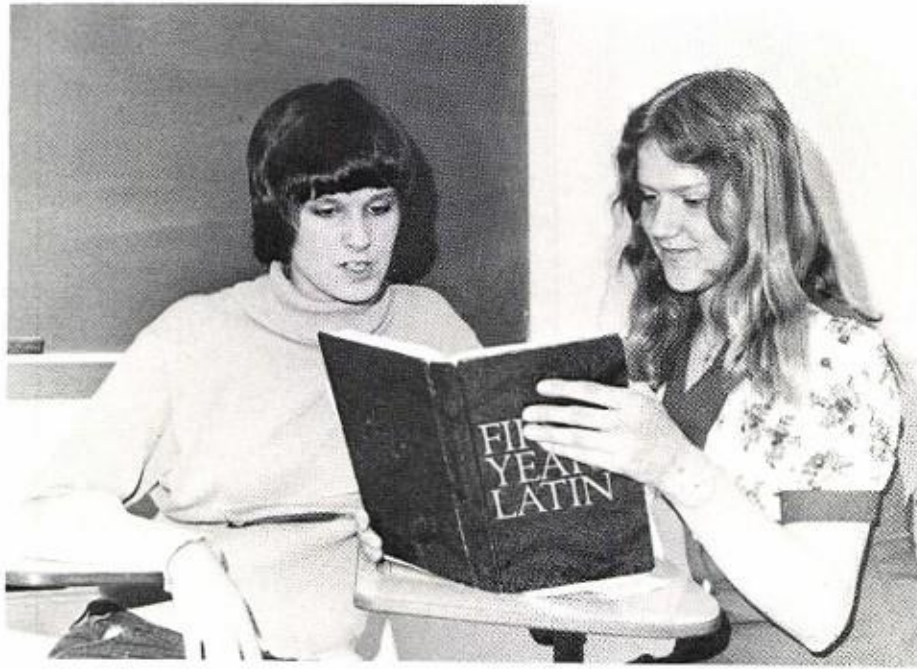

The ability to converse is a skill which is taken for granted by most people. The Foreign Language Department of Phillipsburg High School specializes in teaching the art of conversation in Spanish, German, Latin, or French to any student during his four years in high school. The study of any foreign language is a difficult task, but when a student masters some grammar skills in another language, he receives maximum self-satisfaction while he is also serving to strengthen this grammatical usage of the English language. Various methods are used to enhance the student's interest in his foreign language class. Films, songs, skits, and individual projects are only some of the devices which add purpose to the foreign language classes. The study of another language provides the student with a certain insight to the culture and life styles of the foreign country as well; and in today's world of turmoil, the bi-lingual student may be just the person to bridge the international communication gap and start the spark of brotherhood burning.

The history program at Phillipsburg High School offers interesting courses for students. The World History course, for College Preparatory freshmen, tries to develop a background of the civilizations of the world. This background will aid the student in analyzing international problems and modern cultures. Applied Economics, also for freshmen, touches on all aspects of national and local government. World Culture is a course which provides the student with a background of the customs and traditions of the world.

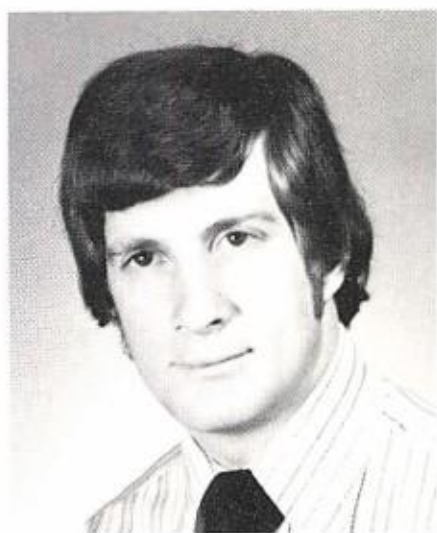

An elective history course is offered for juniors and seniors. The juniors may choose from U.S. History I, Profiles in American Government, Contemporary Research, and Structures of American Government. Each of these four courses provide the student with some background of our country. Courses offered for seniors, in addition to the traditional one year U.S. History II course, are several one-half year courses and the Institute for Political and Legal Education. I.P.L.E.'s purpose is to familiarize the student with the ways of the governments, both local and national. Students actively participate in such things as model congress, workshops, and internships. The highlight of this year's I.P.L.E. classes was a three day trip to Washington, D.C. A course in Psychology-Sociology is also offered to acquaint students with human and social behavior.

MATHEMATICS

Mathematics is a subject that is utilized in all facets of life. At Phillipsburg High School, the Mathematics Department concentrates on preparing the student for life after graduation. With courses in Basic Math, General Math, Fundamentals of Math, and Vocational Math, the student learns to apply mathematical principles which will benefit him in everyday life. Other courses include Algebra, Calculus, Analytical Geometry, College Review Math, and Plane and Solid Geometry, which benefit the students who wish to further their education by attending college.

SCIENCE

Science plays an important role in the lives of everyone in today's technical world. Scientific progress has made life easier, more pleasant, and more efficient in the home and the community, and in agriculture, manufacturing, and medicine. Many diversified courses are offered at Phillipsburg High School to serve all the students' needs. Freshmen may choose from general science or physiography. Upperclassmen are offered specialized courses in such fields as biology, chemistry, and physics, which are all offered on the college or general level. Students who plan to further their education after high school will find the college level courses essential for a successful higher education, while the general level of these courses emphasizes practical applications. Advanced biology is designed primarily for students who intend to enter nursing, medicine, or biological science in college. The Science Department provides a firm background for the student planning to enter the business world or the college-bound student.

BUSINESS EDUCATION

Advanced conditions in the complex world of business depend greatly on proficient, well-trained personnel. The Business Education Department provides the basic foundation for applicable skills necessary for success in the business world. In preparing students for business careers, the curriculum not only covers the fundamentals techniques of office work, but also business law and economics, and the opportunity for practical experience. Students are prepared for business careers as secretaries, typists, stenographers, bookkeepers, clerks, and salesmen. Capable students are allowed to work in school-approved, part-time jobs. Under this program, they attend school in the morning and work at their jobs in the afternoon. The students in this curriculum also receive extensive educational and vocational guidance.

HOME ECONOMICS

Home economics education unifies knowledge from many fields in solving home-life problems. It draws on science, art, social studies, psychology, and mathematics. It makes instruction personal for students by teaching them how to dress becomingly, eat better, care for their homes, and live happily with their families. It emphasizes such skills as cooking, sewing, wise purchasing habits, caring for children, getting along with people, and the budgeting of time, money, and energy. Courses are offered in clothing, foods, home management, child development, home furnishings, and family relationships. These courses are offered on a tri-semester basis, so that students are able to take more than one level of a course each year. Boys, as well as girls, can enroll in these courses to receive help in solving their personal problems and in making them better family members. Students are able to obtain the necessary knowledge from these courses to help them develop their personalities and to further their education in the field of home economics.

INDUSTRIAL ARTS

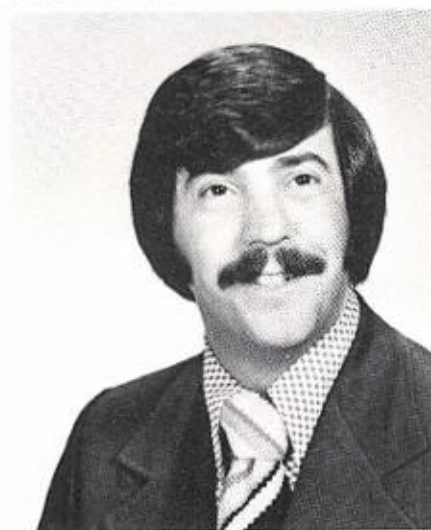

Hand and mind work together to develop skill in industrial arts. In metal shop, students are trained in the use of copper, brass, wrought iron, and plastics. In printing, they learn the fundamentals and apply their knowledge in the composition of school programs. Mechanical drawing offers both isometric projections and blueprint readings, while electricity places emphasis on the practical aspects of electricity in the home and industry. Woodwork shops develop technical skills as students design and construct individual projects. Other elective courses include auto mechanics and agriculture science. All in all, the industrial arts program is a very worthwhile and needed program in today's high school.

Special Education

Employment Orientation provides all the elements of real work and can be of great value to Special Needs students. The establishment of a production atmosphere with a variety of experiences and pressures, exposes students to situations they can expect in the work world. The exposure to a variety of areas is designed to assist the student to develop and help him determine his aptitudes and abilities. Skill areas the pupils are exposed to are as follows: woodworking, general building maintenance, painting, foods, clothing, animal science and stock clerk. As each student excels in an area, he is placed in the work-study program. Here he comes to school in the morning for his academic classes and at noon leaves for on the job training. If pupils are not pleased with their job they can come back to school full-time or be rotated to another job site.

PHYSICAL EDUCATION AND HEALTH

Physical Education is a class that enables a student to become more alert and aware of what is taking place around him. It also creates an atmosphere of teamwork, along with introducing an interest for some students to become more involved in outside school activity, such as softball, tennis, track, hockey, football, and golf.

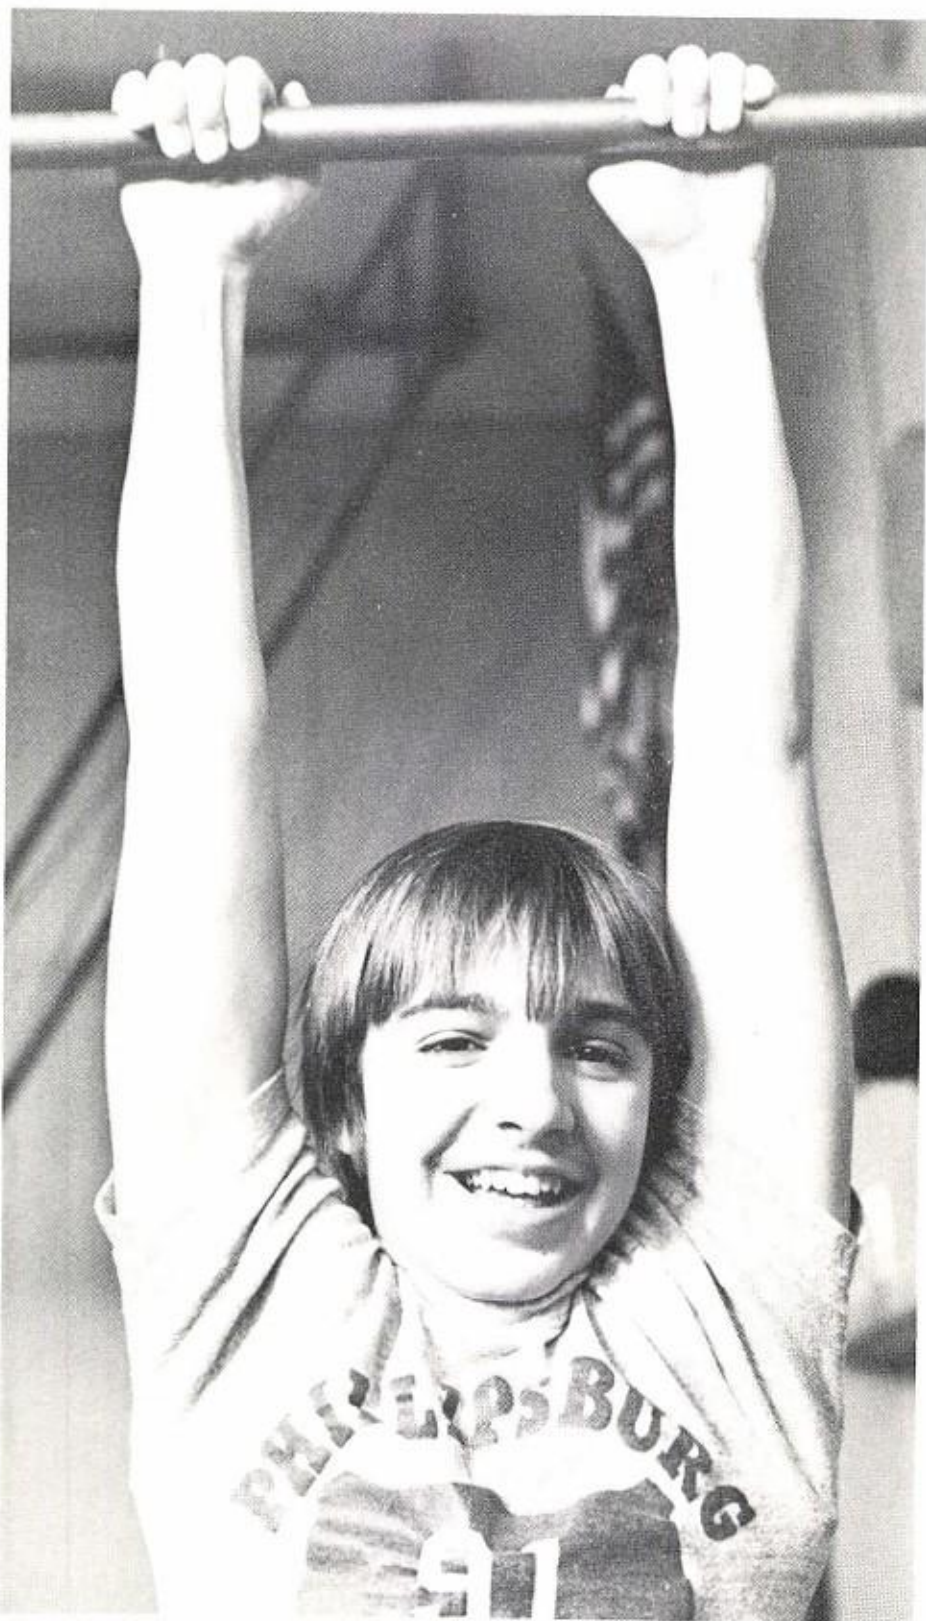

The health classes teach first aid, the treatment of diseases, and make the student aware of the systems of the human body. The juniors participate in a health class specialized in teaching the rules of the road to young drivers. Health and Physical Education courses are divided into five semesters. Physical Education is administered to the students for four semesters each year, while health is taught for the remaining semester.

Good 'Superstar' Performance Upstages Question of Legality

By JAMES SHELLY
Staff Writer

Whether the rock opera "Jesus Christ Superstar" is legal — and fitting — to show under school auspices became temporarily irrelevant last night as tumultuous applause and a standing ovation were awarded the musical's opening in Phillipsburg High School.

An extraordinarily good production — for any amateur company, let alone a group of high school students—inspired intermissions and after-show comments like these:

"Very professional," "I can't believe it's so good." "The kids did a marvelous, marvelous job." "Whether

you approve of mixing the gospels with rock and roll or not, you have to say the acting and singing and costumes are terrific."

The more than 750 persons who packed the school auditorium — many had to stand — appeared transfixed by the moving story of Christ the man.

"It's about Jesus as a human, not as God," one spectator commented.

Oddly, and appropriately, there was no spontaneous moving in time to the rock numbers. The audience reacted with reverence.

The showing of the rock opera, based roughly on events of the last days of Jesus, had

been challenged by a Phillipsburg resident who protested that production of it under school auspices violates the U.S. and New Jersey constitutions' principle of separation of church and state.

The state commissioner of education rejected the citizen's appeal to halt the showing. The protester said the show is offensive to both Jews and Christians and the pastor of a fundamentalist Christian church in the Phillipsburg area labeled the play antireligious.

Several clergymen attended the show last night.

"I am not taking this as theology but as a show and it's a good show," one Roman Catholic priest said.

"In my opinion, it's a fine show," another priest said, adding he respects the opinions of those who differ on the rock opera itself.

One man admitted he couldn't understand a word of the "arias" except the slow ones. "I wouldn't know myself except that I'm familiar with the lyrics," his wife said.

The singers in "Jesus Christ Superstar" turned to voice amplification to enable them to compete with a loud —

though fine — rock band. Some spectators found it jarring to see Jesus and Judas and Mary Magdalene and the other New Testament figures holding cord-dangling microphones. Others didn't mind it.

"Microphones? Well, it just seems kind of in keeping with a rock play," a teen-ager said.

The character who drew the loudest applause was Jesus Christ, played effectively by Randy Wilson. As Mary Magdalene, Charle LaMonica, a polished actress and singer, shared the tribute.

Is King Herod always played in "Jesus Christ Superstar" as a particularly effete transvestite? The portrayal by Chris Fichera produced the only laughs in the show and at least one viewer — who admitted enjoying the portrayal — deemed it out of place.

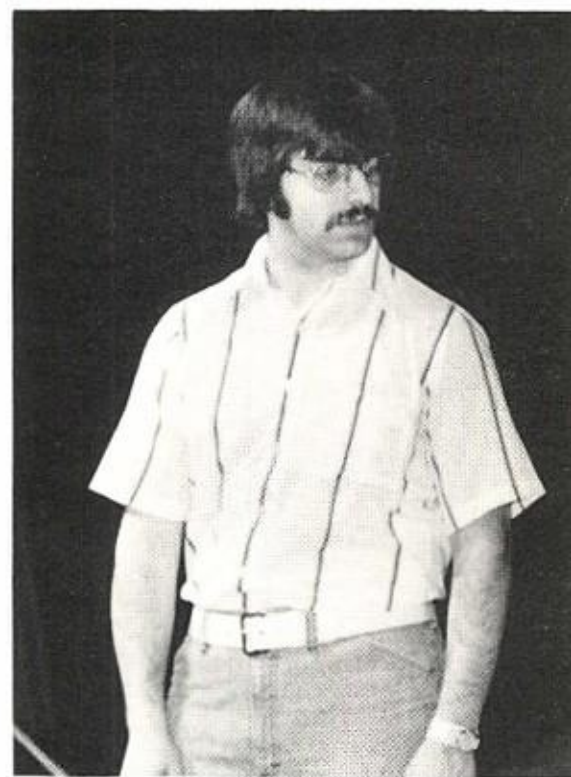

The "Superstar" legal question aside, last night's playgoers appeared genuinely moved.

P. H. S. Marching Band

The school year of '74-'75 started on a different level for the P. H. S. Marching Band. This was their initial plunge into band competitions. As beginners in this field of endeavor they proudly marched off with four trophies, one of which was a first place. After this exposure with many very qualified competition veterans, the thrill of competing and winning gave the band members the morale boost it needed. This was evident at all half-time performances, local parades and their being invited to represent Phillipsburg in the Union, N.J., Firemen's Parade.

As a unit, the entire band has worked hard again this year to raise funds for their second major band trip in as many years. The month of May found our band marching in Winchester, Virginia, in the famous Apple Blossom Festival Parade. This three day trip was financed by the proceeds of many projects held throughout the year. It was at this parade that the P. H. S. Marching Band proudly wore their new uniforms for the first time. Under the direction of Mr. Neil Boyer, the band is growing from within and we are proud they are a very vital part of our school program.

Homecoming

The Homecoming held this year was a first in the history of our school. Mr. Joseph Blanchfield and the student council worked diligently together to work out a program for the evening. A parade of floats, a P.H.S. and Alumni band performance, and the crowning of the queen marked the highlights of the evening. This event proved to be a great success and we hope it will be able to continue through the years here at our high school.

Girls' Softball

The Girls' Varsity Softball Team is 9-0 at the time of this writing. Seniors Carin Bloshuk, Andrea Mereschak and Jill Rush are the Tri-Captains for this season. The other seniors on the squad are: Patti Riley, Sharan Smith and Denice Weaver. Under the direction of Miss Gibbs, the team has once again put forth it's greatest effort for P.H.S. We congratulate the entire team for a job well done!

Varsity Football

"Our inexperience showed tonight!" Those were the words of second year coach Bob Stem after the Stateliners opened the 1974 football season with a 16-0 loss to Northampton. The results of the next two games seemed to indicate that the Stateliners were in for a long season as they were tied by Allentown Central Catholic and lost by a point to Freedom.

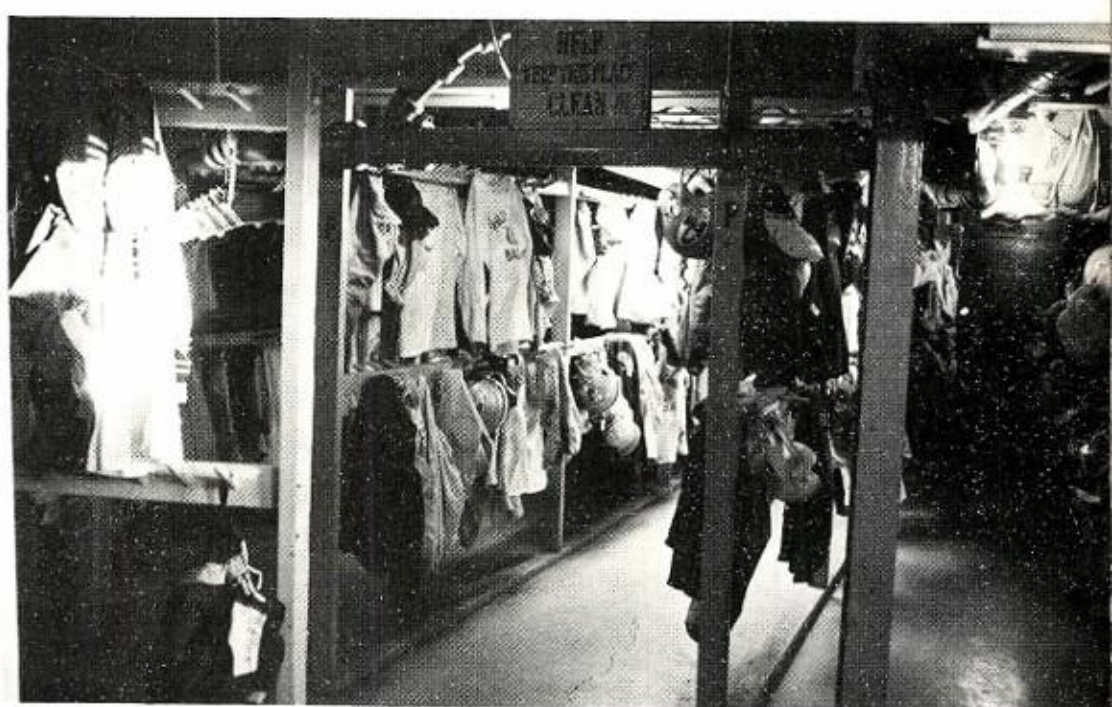

At this point, however, the young Stateliners began to come of age as they battled their way to a split of the last six games of a very rugged schedule. The next five games saw the team lose to New Jersey powers, Raritan and Bloomfield, while registering wins over three Big Six opponents, William Allen, Liberty, and Dieruff. In the season's finale, a heart-breaking 10-6 loss to Easton deprived the Stateliners of a share of the Big Six title . . . something which few expected earlier in the season.

Freshman Football

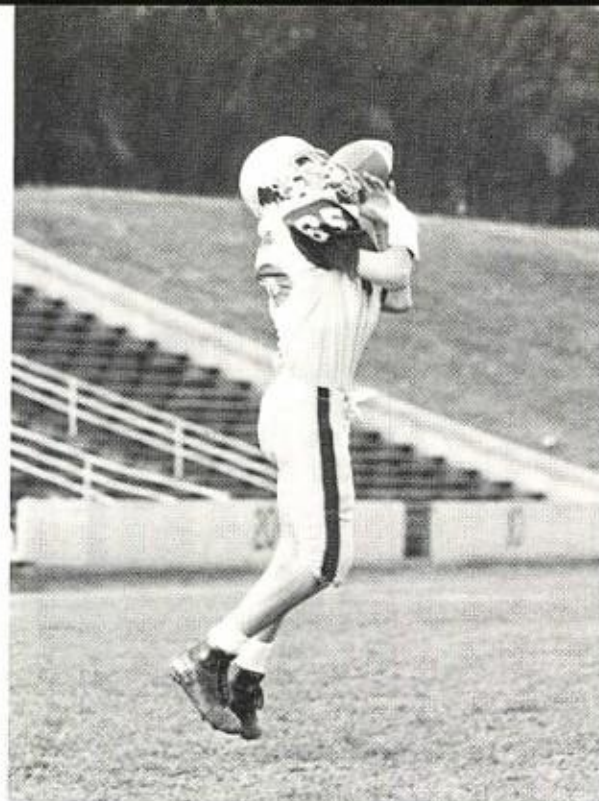

Kickers warm up before a game.

The 1974 Freshman Football Team ended it's season with a 6-1 record. Their only loss was a 20-0 defeat to Easton. They avenged this loss by defeating Easton 22-12 in the next to last game of the season. By learning the basic techniques and fundamentals of football this year, we, the coaches, wish the 1974 Freshman Football Team continued success in football at Phillipsburg High School.

Varsity Wrestling Team

The Stateliners ended with a 10-6 dual meet record as they finished the season with wins over strong Westfield and Parsippany Hills. They also defeated last years top ranked New Jersey team, Randolph, by a 31-16 score.

In the District 12 Tournament, the team gained revenge over two teams which had beaten them during the season. These teams being Warren Hills, which Phillipsburg defeated, and Del Val, which Phillipsburg tied for the team championship. C. Ganguxxa — 101, J. Yost — 135, and M. Kennedy — 157 won individual championships.

These boys and two others qualified for the regional tournament which was held at Morris County College. J. Yost won, C. Ganguzza — 2nd, T. Tersigni — 3rd, M. Kennedy — 4th.

This year's capt. was Jack Yost who was also the top wrestler. He won numerous titles and placed 4th in the states. Gus Rutledge had the most team points — 38.

The wrestlers anxiously watch a teammate in action.

J. V. Wrestling

The 1974-75 Junior Varsity Wrestling Squad finished the season with a 15-1 mark, the most wins ever for a Phillipsburg Wrestling Team. The lone loss was a 22-21 defeat to Easton, the only team to win more than four individual bouts in any meet all year. Perhaps more significant than the record is the team's contribution to the varsity. Five wrestlers started the season on this team, ended it by wrestling in the District Tournament and three of them placed in the top four.

The team's fastest pin was 42 seconds by freshman, Randy Osborne. Ed Allen and Dave Reppert each had 6 pins to lead the team in that department. The team leaders in points scored were Dave Reppert, 62; Ed Allen, 51; Matt Veres, 50; George Philip, 42; and Scott Loudenberry, 38. Other boys making significant contributions to the team were: Ernie Honey, Bob Noel, Randy Badway, Ron Famularo, Mark Hahn, Charlis Kish, Steve Seibel, Mike Stocker, Joe Bartha, Bob Emery and Joe Veres.

The J. V. Wrestlers put forth a lot of effort to be successful and many have set their sights on a varsity position and future championships.

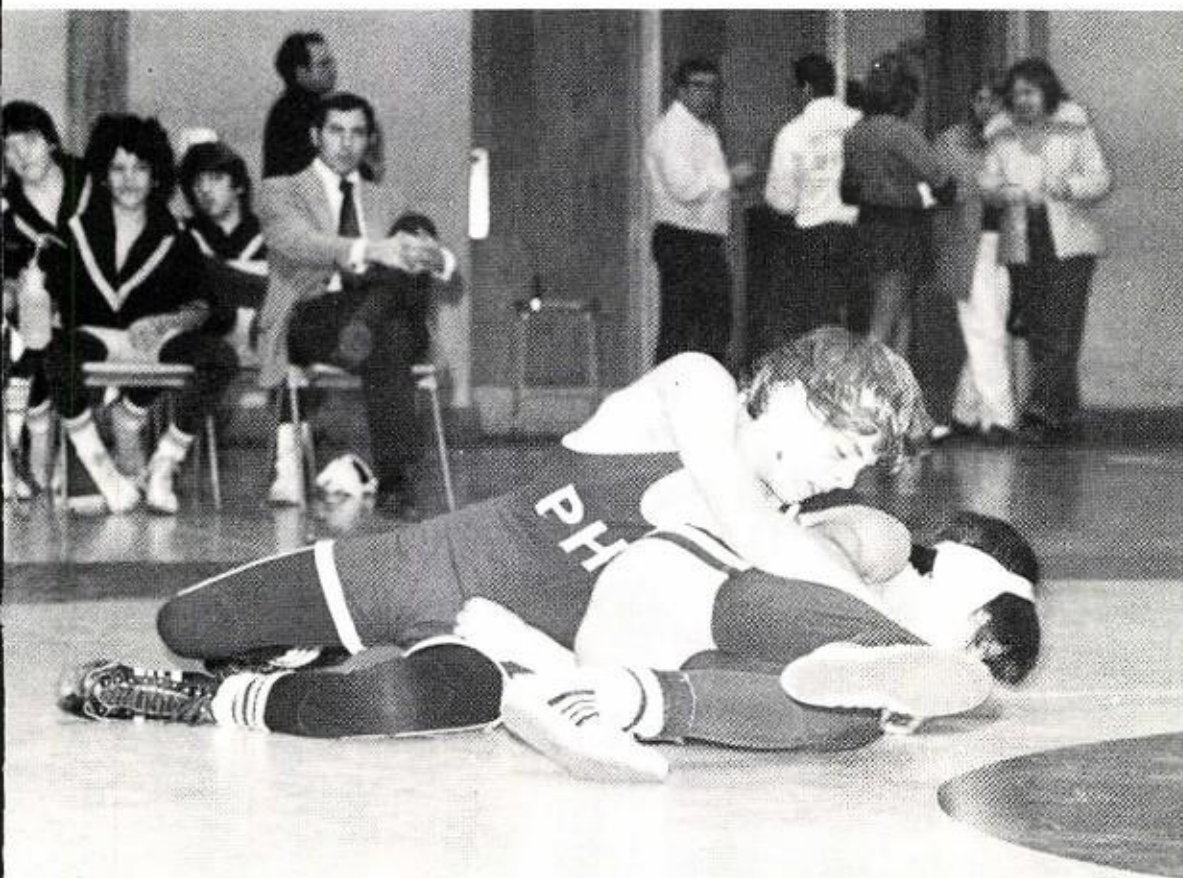

Freshman Wrestling

The freshman wrestling team this year was the smallest ever in relation to numbers participating and physical size. The final team record was 4-6-1, but the burden of forfeiting 24-30 points per match was the deciding factor in all but 1 match. Most freshmen did double duty by participation on the freshmen level. Every freshman carried a winning record but outstanding performances by capt. Scott Loudenberry, Bob Emery, Joe Veres, Joe Bartha, Ed Marson, and Randy Osborn provided a combined win-loss record of 53-9 on the freshmen level.

Varsity Basketball Team

This year's varsity basketball team was marked by much improvement. They had the best record, (10-15), of any Phillipsburg Basketball Team since 1967-68. Ten of the fifteen losses were by four points or less. This is a good example of how tough they stayed throughout the season. The team was also second in team defense out of all the teams in the East Penn League.

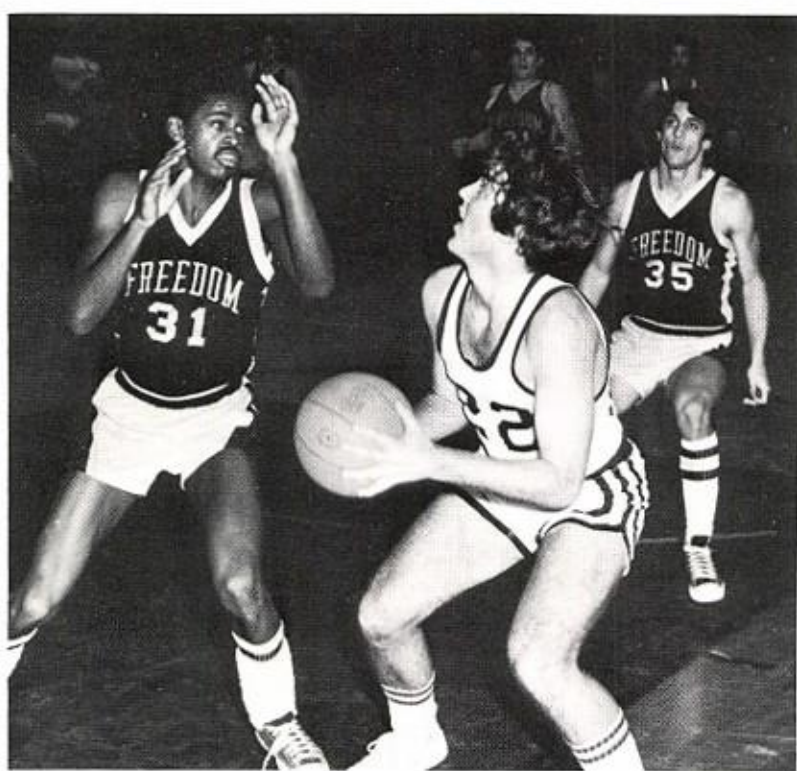

This year Coach Koury's Stateliners were led by Captain Gary Carhart. Gary was their leading scorer with a 14.1 average. He also was chosen Third Team All-State and First Team-Easton Express Area.

The team will lose many fine seniors but another good year is expected next year.

J. V. Basketball

The junior varsity basketball team finished its season with a 8-14 record. Included among the 14 losses were 6 losses by four points or less. The highlight of the season was a 45-39 victory over Liberty. This came after an earlier season loss to them, 68-48. Also included in the highlights were two victories over cross-town rival Phillipsburg Catholic.

High scorers for the year were Jim Boylan, Steve McNamee, and Tim Janisch. Individual high performances were by Jim Boylan (23) and Bud Baxter (21).

Even though they were outsized by almost every team this year, the JV's gave a good account of themselves by always hustling and scrapping.

Freshman Basketball

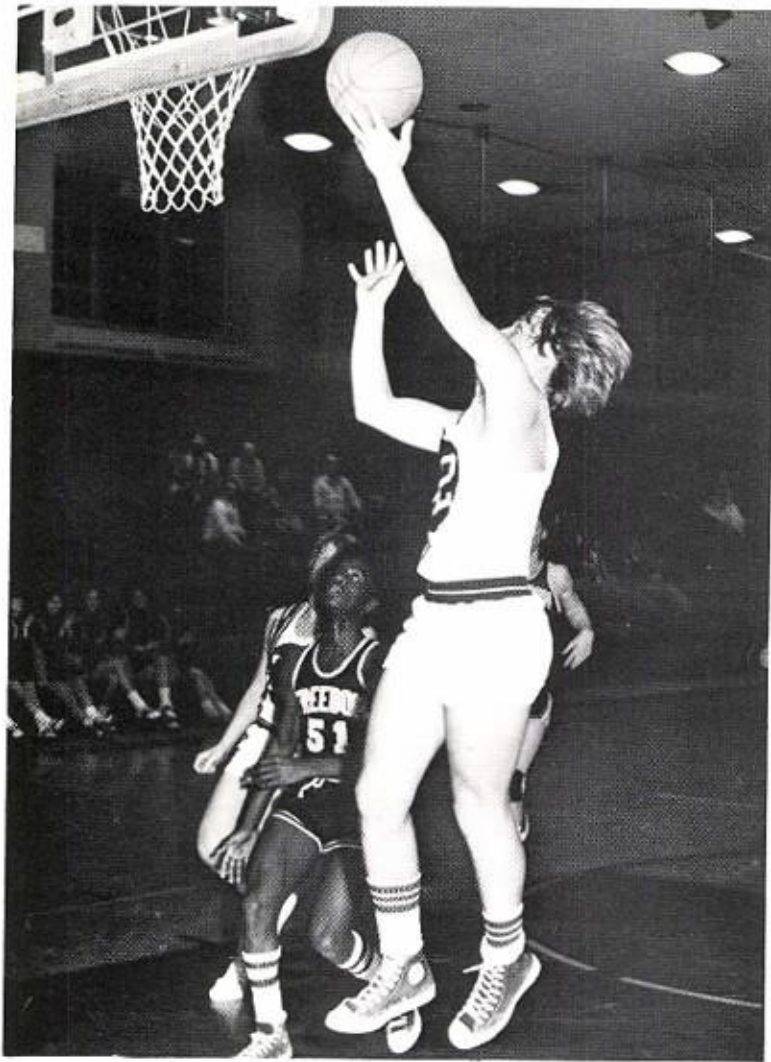

Although finishing the season with a 5-9 win lost record, much improvement was shown throughout the year. The high points of the season were clutch wins over Beth. Cath. and Easton during the second half of the season.

Brian Boylan took scoring honors followed closely by Bill Shoudt. Outstanding defensive play and playmaking were contributed by Jeff LaMonica.

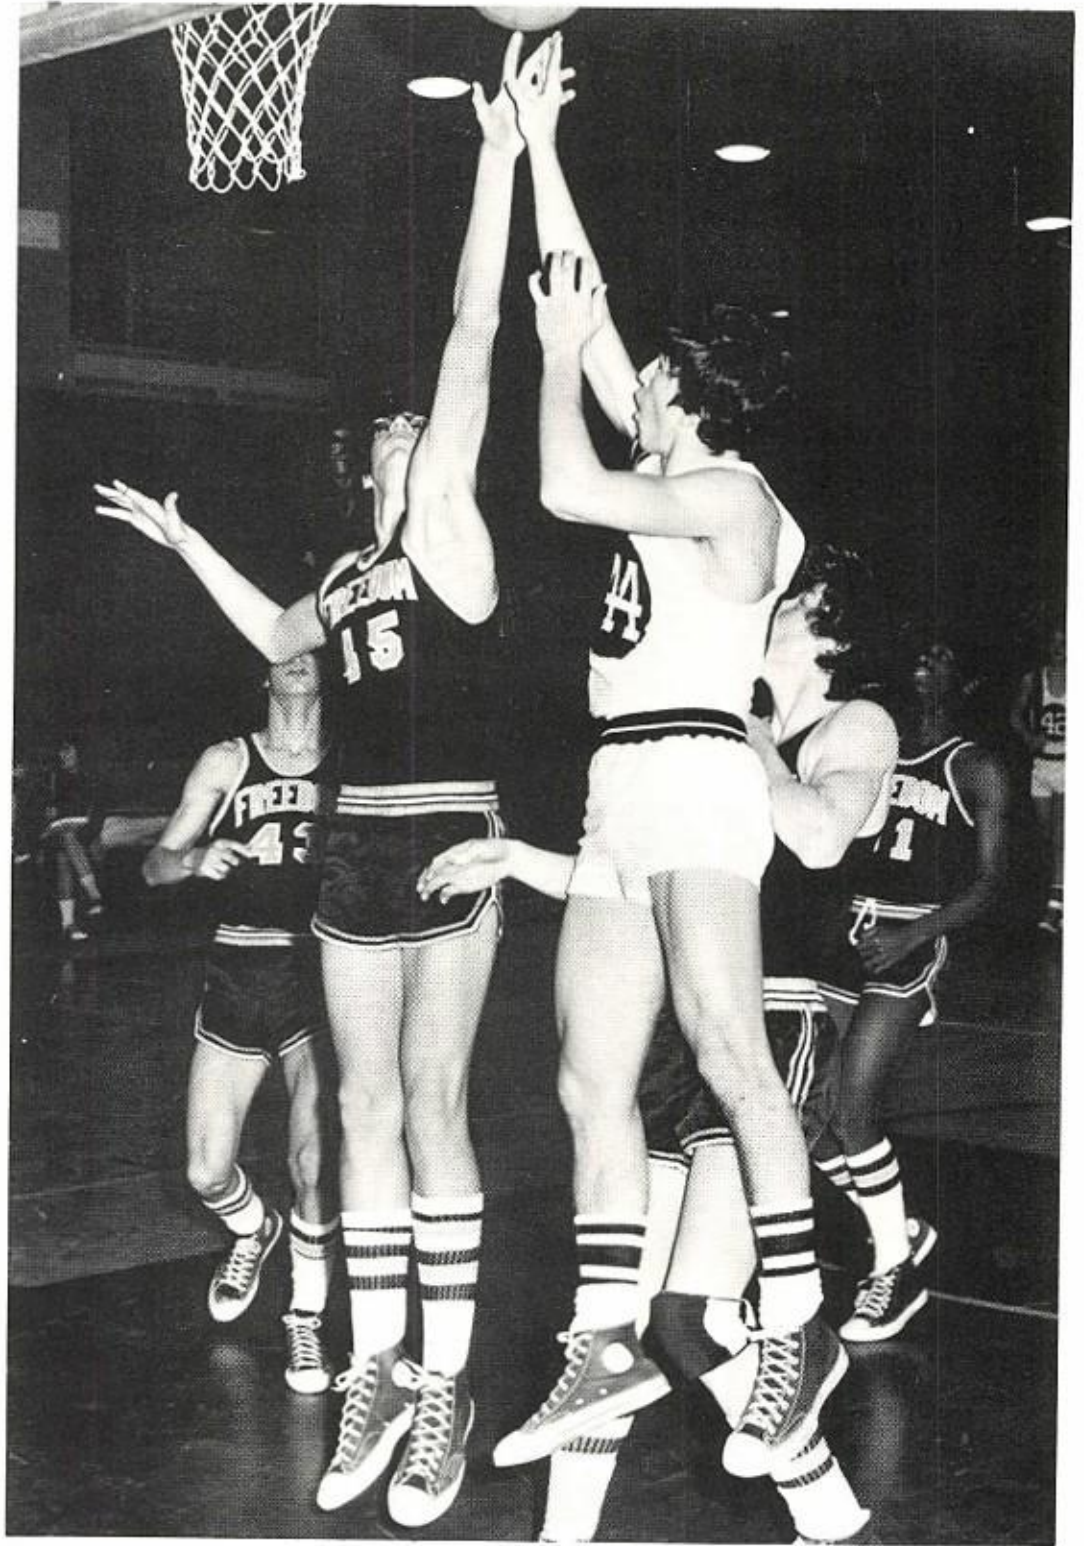

Freshman Basketball: ROW ONE: J. Osifcian, B. Boylan, B. Mason, J. LaMonica, C. Kent. ROW TWO: K. Keim, E. Vanhorn, W. Weller, J. Lutz, W. Shout, Coach Dukett.

Varsity Cross Country

The Varsity Cross Country team finished with a record of 8-3. The season was very rewarding and encouraging. It was supposed to be a rebuilding year. Last year's graduation took the top 3 runners from 1974, and a very painful hip pointer to our leading returning runner, Jay Miers, was very discouraging. Jay did not run until the last two meets of the season. He was a great help to the team during the setionals and states then.

Frank Kostalanci emerged as a truly outstanding runner. He, along with Earl Bonney, Ben Raffale, Bill Richer and Joe Veres led Phillipsburg to an unbelievable cross-country season.

Varsity Track Team

The track team for the coming season will show its strength in the distance running events. However, the balance of the team is the key to the team's success. Seven lettermen returned to this year's squad. Jay Miers, Steve Wilcox and Glen Dalrymple were chosen tri-captains for the upcoming season. The record to date is 1 win and 2 losses.

Some key performers are Jay Miers in the 2 miler and 1 miler, Steve Wilcox in the high jump, John D. Williams in the shot put and triple jump, Wayne Gary in the javelin and Mike Marinelli in the discus. Earl Bonney, Frank Kostolanci, Ben Raffaele should help in the distance running corp. Jim Schofield, Don Decker, Glen Olivi, Rick Hitzel, Fred Johns, Mike Stammherr and Glen Trimper are all seniors who hope to contribute much to our track team.

Girl's Swimming

Girl's Swimming and Diving Team

Both swimming and diving have been long awaited sports here at P.H.S. This past year, Mrs. Doris Brain, who has been coaching the Reigel Ridge Swim Team (in the summer) for 10 years got together a girls varsity swim team.

In the team's first year, they had a record of 5-6. Four of the team's swimmers qualified for the State's Competition, and the relay composed of these four placed nineteenth. Also, Beth Pambianchi, a sophomore placed fourth in one-hundred meter freestyle event, fifth in the two-hundred meter event freestyle and went on to Nationals, in Ft. Lauderdale, Fla. this spring.

We would also like to acknowledge the team's two divers, sophomore Chris Ciardelli and Jill Pence, a junior, for helping the team to win in tight spots, where there were only a few points difference in the score.

Congratulations to the girls and their fine coach, Mrs. Brain for their efforts in starting the Swim Team here at P.H.S. and best wishes in the seasons ahead.

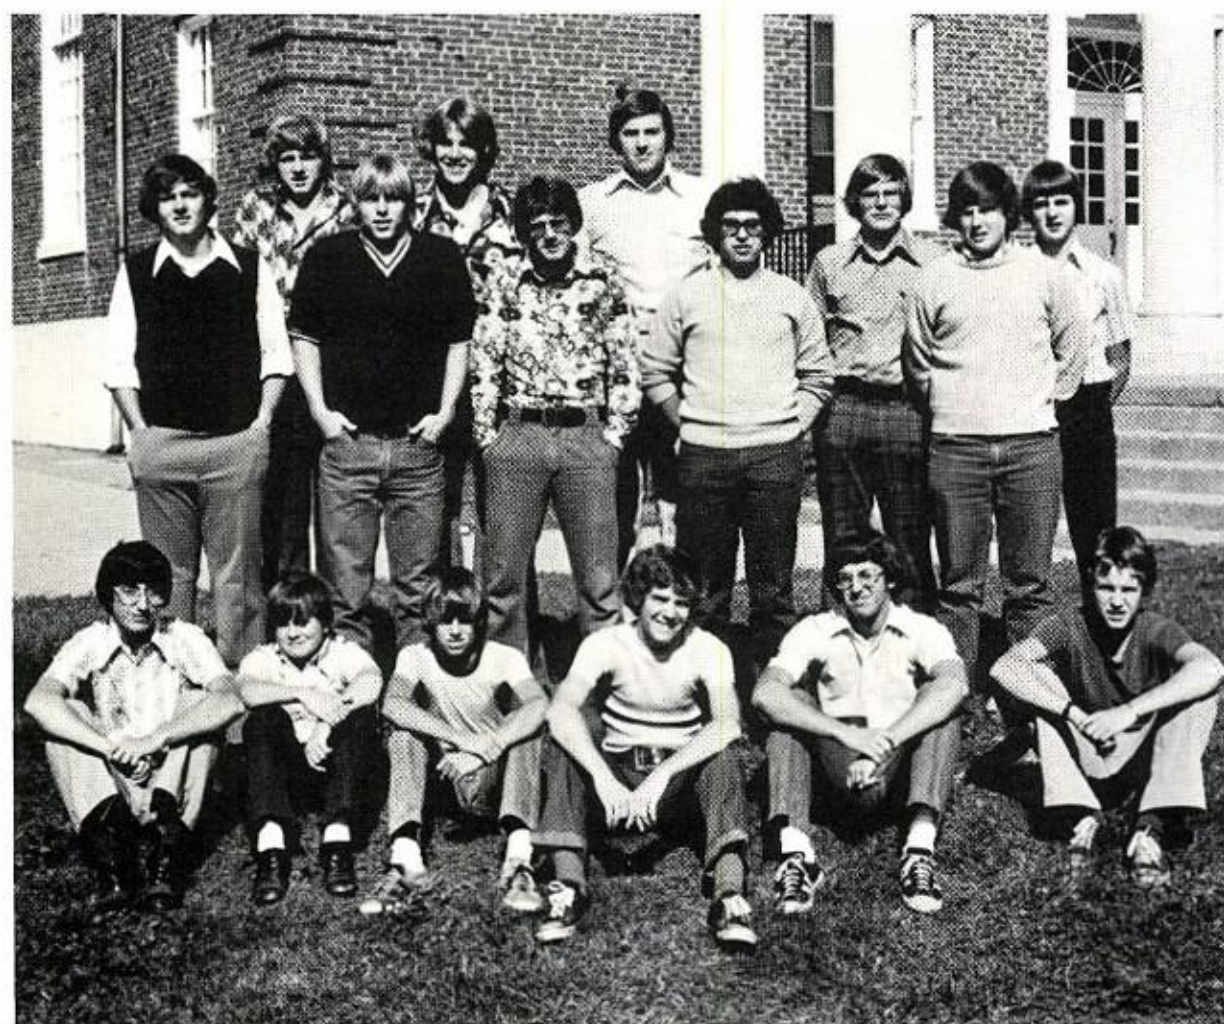

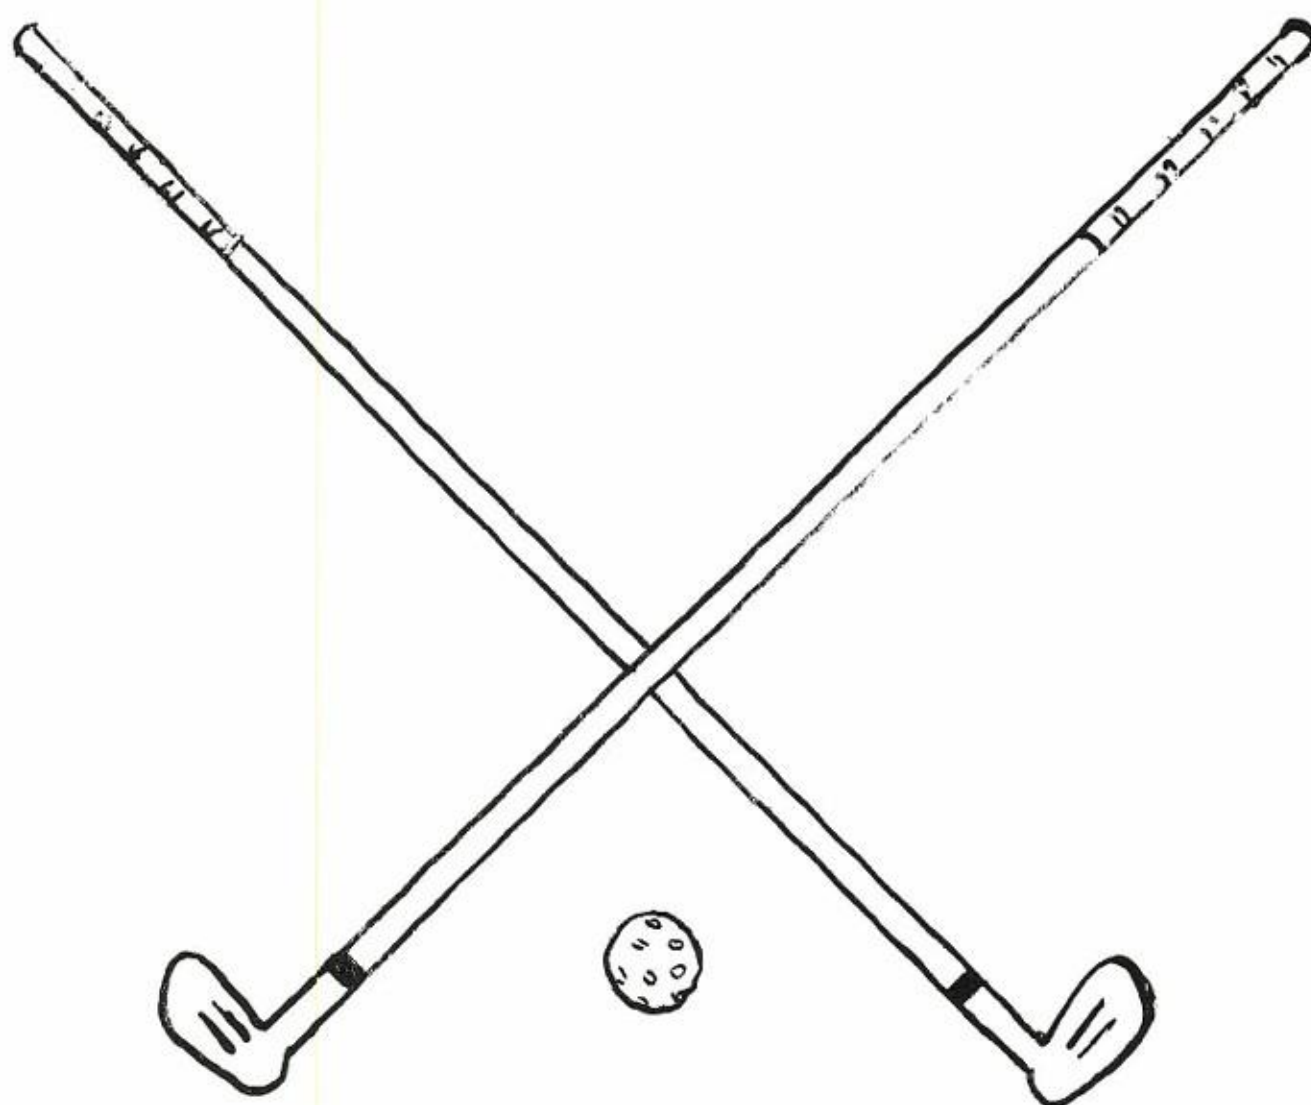

Boy's Swimming Team: Row One: R. Vincent. Row Two: J. Gosser, J. Streader, S. Ferguson, C. Devlin, C. Eibel, M. Curry, D. Ruth. Row Three: B. Conwell, B. Snyder, R. McNulty, J. Heaton, K. Kisner.

Boy's Swimming

This year marked the beginning of a boy's varsity swimming team at Phillipsburg High. They entered their first season with determination and a good attitude even though they had to compete in the tough East Penn League. At the end of the season the record was a disappointing 1-10 but of the ten losses many were close. The underclassmen are looking forward to a successful coming year.

This year's team had 1 senior, 4 juniors, 6 sophomores and 4 freshmen. Captain was senior Ken Vincent and outstanding swimmers were: Vincent, junior, Bart Baines; freshman, Matt Curry and sophomore, Dave Nightlinger, who was a diver.

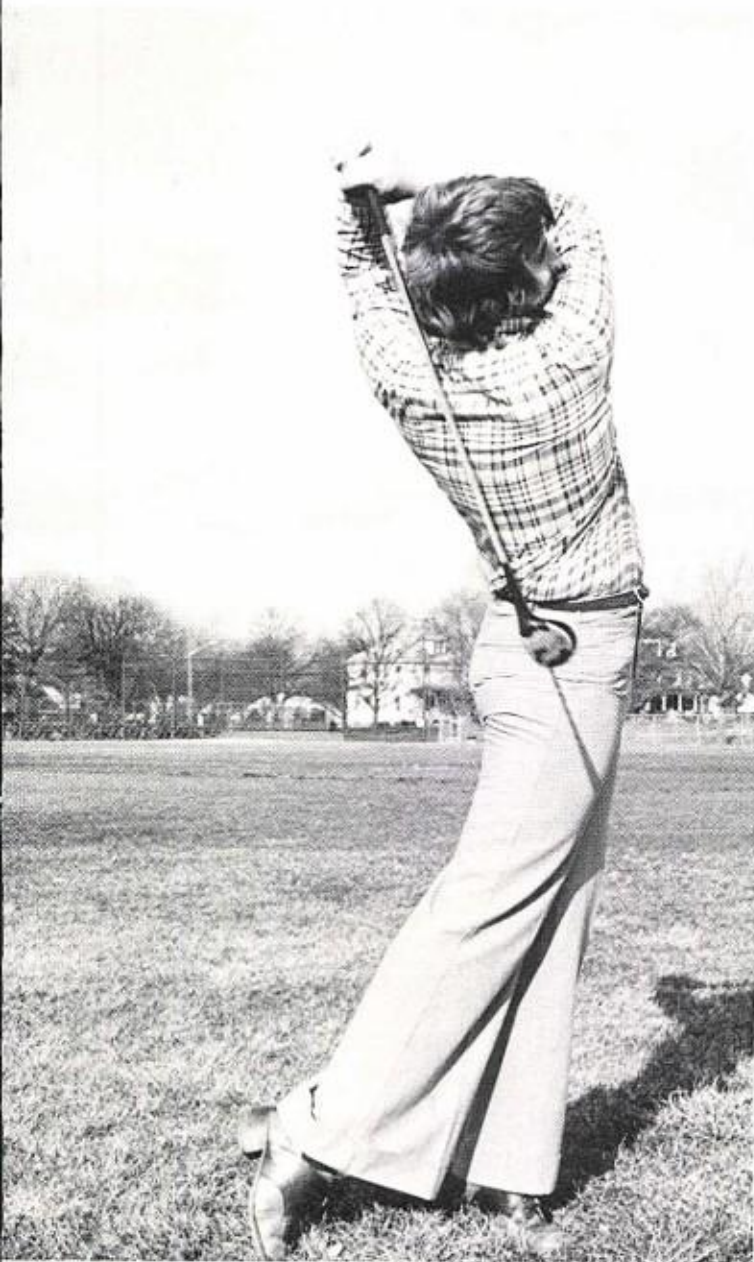

FALL GOLF TEAM: ROW ONE: M. Cramer, K. Fergeson, R. Badway, B. Jodion, E. Minardi, C. Devlin. ROW TWO: B. Ajhar, B. Fleming, G. Dalrymple, M. Contuzzi, E. Rammrath, C. Trosset, S. Ferguson. ROW THREE: G. Carhart, P. Kogler, M. Kostry.

Fall Golf Team

The 1974-75 Golf Team played their first Fall season in its ten year history as a varsity sport in Phillipsburg. Twelve boys comprised the varsity team. They were seniors Gary Carhart, Glenn Dalrymple and Paul Kogler, juniors Stuart Ferguson, Ernie Minardi and Cliff Trosset, sophomores Randy Badway, Mark Cramer and Brian Jodoin and freshman Clem Devlin, Kevin Ferguson and Owen Mondeau.

The team's record was a 0-14 so 1975-76 season has nowhere to go except up. The coming season will be augmented by four new teams, Emmaus, Northampton, Parkland and Whitehall. These along with Allen, Bechai, Central, Dieruff, Easton, Freedom, Liberty and Phillipsburg will constitute the new East Penn Conference. Each team will play twenty-two matches on the following Golf Courses: Allentown Municipal, Bethlehem Municipal, Markers Hollow, Northampton Country Club, Shepard Hills, Twin Lakes, Wedgewood and Willow Brook.

Closing Up Shop

The Karux Yearbook Phillipsburg High School Phillipsburg, N. J.

Time passes very quickly and memories have a tendency to fade. What is fresh in our minds right now may become lost forever without such things as high school yearbooks. We have tried to put as many "memories" between the covers of this yearbook so that they will not be lost with the passing of time.

The staff of the KARUX Year Book is a small but dedicated group of students who have tried to preserve as many "memories" as possible for the school year of 1974-75. During the school year this small group of seventeen students have scheduled pictures, identified faces for captions, written text to cover different activities, met with printers, re-scheduled missed photos, worked up layouts, proofread all type, strived to meet deadlines, solicited advertisements and patrons, typed and mailed all text and often worked at home to compile this book of "memories".

How can we begin to thank them all for the effort they have put into this tremendous project? As a small token of appreciation we would like to acknowledge those who gave up their time to help make our yearbook a success:

Mrs. Henrietta Thompson for her guidance, understanding and infinite patience.

Mr. James Mamana, our financial advisor and counselor.

Mr. Kenneth Lutz, Mr. David Clauss and Mr. John Emery, for their cooperation.

Mrs. Rose Ritz, Mrs. Joan Rush, Miss Linda Sigafosse and Miss Wendy Morganstern for their service and kindness.

Miss Shirley and Mr. John Oller of the Lorstan-Thomas Studio and Mr. Joseph Torcivia for providing the photographs for our yearbook.

Mr. Walker for his aid in internal color and design.

Mr. Russell Benson, our publisher, for a job well done.

Mr. Bernard Cohn for his patience in designing our cover.

Our Staff Members: Nora Ajhar, Rich Arigo, Carol Baker, Sue Bozeman, Cathy Cutsler, Marianne Cuvo, Betsy Dennis, DeeDee Duda, Steve Klouser, Charle' LaMonica, Shirl O'Connor, Ed Ramrath, Cindy Reppert, Cathy Salata, and Dave Searles - for their perseverance and skill in putting our yearbook together.

All non-staff members who have contributed in any way to the production of this yearbook will always hold a place in our hearts.

We have done our best to capture the real "heart" of P.H.S. and hope our "memories" are held permanent in this year's KARUX.

Sincerely yours,

Linda Kist and Lois Murray

DESIDERATA

GO PLACIDLY AMID THE NOISE & HASTE, & REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS POSSIBLE WITHOUT surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. ☛ Avoid loud & aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. ☛ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. ☛ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. ☛ Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gentle with yourself. ☛ You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ☛ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. ☛ With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy. ☛ ☛
